Methodology and Disclaimers:

Summary. *Virginia Living* contracted with DataJoe Research, a software and research company specializing in data collection and verification, and conducts various nominations across the United States on behalf of publishers. To create the "Top Doctors" list, DataJoe Research facilitated an online peer-voting process, also referencing government sources. After collecting nominations and additional information, DataJoe checked and confirmed that each published winner had a current, active license status with the state regulatory board. If we were not able to find evidence of a doctor's current, active registration with the state regulatory board, that doctor was excluded from the list. In addition, any doctor who has been disciplined, up to the time-frame of our review process for an infraction by the state regulatory board, was excluded from the list. Finally, DataJoe presented the tallied result to *Virginia Living* for its final review and adjustments.

Final note. We recognize that there are many good doctors who are not shown in this representative list. This is only a sampling of talented professionals within the region. Inclusion in the list is based on the opinions of responding doctors in the region and the results of our research campaign. We take time and energy to ensure fair voting, although we understand that the results of this survey nomination are not an objective metric. We certainly do not discount the fact that many, many good and effective doctors may not appear on the list.

Disclaimers. *Virginia Living* and DataJoe use best practices and exercise great care in assembling content for this list. *Virginia Living* and DataJoe do not warrant that the data contained within the list are complete or accurate. *Virginia Living* and DataJoe do not assume, and hereby disclaims, any liability to any person for any loss or damage caused by errors or omissions herein whether such errors or omissions result from negligence, accident, or any other cause. All rights reserved. No commercial use of the information in this list may be made without written permission from *Virginia Living* and DataJoe.
